POSTING METHOD FOR CHECKS AND OTHER DEBITS

Any items presented on the same day will generally post to your account in the following sequence;

1. Deposits/credits,
2. ATM/Debit card debit transactions,
3. ACH debit transactions,
4. Checks – posted in serial number order as received on day of presentment.

FUNDS AVAILABILITY POLICY DISCLOSURE

Our policy is to make funds from your deposits available to you on the first business day after the day we receive your deposit. Electronic direct deposits will be available on the day we receive the deposit. At this time you can withdraw the funds in cash and we will use the funds to pay checks you have written. For determining the availability of your deposits, every day is a business day, except Saturdays, Sundays and federal holidays.

If you make a deposit before the close of business in person to a teller we will consider that day to be the day of your deposit. If you make a deposit before 3:00 p.m. at a Brannen Bank ATM that accepts deposits on a business day that we are open; we will consider that day to be the day of your deposit. However, deposits made after 8:00 a.m. at a Brannen Bank night depository or 3:00 p.m. at a Brannen Bank ATM on a business day we are open; we will consider that the deposit was made on the next business day we are open.

LONGER DELAYS MAY APPLY

In some cases, we will not make all the funds that you deposit by check available to you on the first business day after the day of your deposit. However, in most cases the first \$275 of your deposits will be available on the first business day. Depending on the type of check that you deposit, funds may not be available until the second business day after the day of your deposit. If we are not going to make all the funds from your deposit available on the first business day, we will notify you at the time you make your deposit. We will also tell you when the funds will be available. If your deposit is not made directly to one of our employees, or if we decide to take this action after you have left the premises, we will mail you the notice by the day after we receive your deposit. If you will need the funds from a deposit right away, you should ask us when the funds will be available.

In addition, funds you deposit by check may be delayed for a longer period under the following circumstances:

1. We have reasonable cause indicating a check you deposit may not be paid.
2. You deposit checks totaling more than \$6,725.00 on any one day.
3. You redeposit a check that has been returned unpaid.
4. You have overdrawn your account repeatedly in the last six months.
5. There is an emergency, such as failure of communications or computer equipment.

We will notify you if we delay your ability to withdraw funds for any of these reasons, and we will tell you when the funds will be available. They will generally be available no later than the SEVENTH business day after the day of your deposit.

SPECIAL RULES FOR NEW ACCOUNTS

If you are a new customer, the following special rules will apply during the first 30 days your account is open.

Funds from electronic direct deposits to your account will be available on the day we receive the deposit. Funds from deposits of cash, wire transfers, and the first \$6,725.00 of a day's total deposits of cashier's, certified, teller's, traveler's, and federal, state and local government checks will be available on the first business day after the day of your deposit if the deposit meets certain conditions. For example, the checks must be payable to you. The excess over \$6,725.00 will be available on the ninth business day after the day of your deposit. If your deposit of these checks (other than a U.S. Treasury check) is not made in person to one of our employees, the first \$6,725.00 will not be available until the second business day after the day of your deposit.

Funds from all other check deposits will be available on the NINTH business day after the day of your deposit.

HOLDS ON OTHER FUNDS (CHECK CASHING)

If we cash a check for you that is drawn on another bank, we may withhold the availability of a corresponding amount of funds that are already in your account. Those funds will be available at the time funds from the check we cashed would have been available if you had deposited it.

HOLDS ON OTHER FUNDS (OTHER ACCOUNT)

If we accept for deposit a check that is drawn on another bank, we may make funds from the deposit available for withdrawal immediately but delay your availability to withdraw a corresponding amount of funds that you have on deposit in another account with us. The funds in the other account would then not be available for withdrawal until the time periods that are described elsewhere in this disclosure for the type of check that you deposited.

IMPORTANT INFORMATION ABOUT YOUR CHECKING ACCOUNT

Substitute Checks and Your Rights

What is a substitute check?

To make check processing faster, federal law permits banks to replace original checks with “substitute checks.” These checks are similar in size to original checks with a slightly reduced image of the front and back of the original check. The front of a substitute check states: “This is a legal copy of your check. You can use it the same way you would use the original check.” You may use a substitute check as proof of payment just like the original check.

Some or all of the checks that you receive back from us may be substitute checks. This notice describes rights you have when you receive substitute checks from us. The rights in this notice do not apply to original checks or to electronic debits to your accounts. However, you have rights under other laws with respect to those transactions.

What are my rights regarding substitute checks?

In certain cases, federal law provides a special procedure that allows you to request a refund for losses you suffer if a substitute check is posted to your account (for example, if you think that we withdrew the wrong amount from your account or that we withdrew money from your account more than once for the same check). The losses you may attempt to recover under this procedure may include the amount that was withdrawn from your account and fees that we charged as a result of the withdrawal (for example, Insufficient Funds fees).

The amount of your refund under this procedure is limited to the amount of your loss or the amount of the substitute check, whichever is less. You are also entitled to interest on the amount of your refund if your account is an interest-bearing account. If your loss exceeds the amount of the substitute check, you may be able to recover additional amounts under other laws.

If you use this procedure, you may receive up to \$2,500.00 of your refund (plus interest if your account earns interest) within 10 business days after we received your claim and the remainder of your refund (plus interest if your account earns interest) not later than 45 calendar days after we received your claim.

We may reverse the refund (including any interest on the refund) if we later are able to demonstrate that the substitute check was correctly posted to your account.

How do I make a claim for a refund?

If you believe that you have suffered a loss relating to a substitute check that you received and that was posted to your account, please contact Brannen Bank (352) 726-1221 or 1-877-726-1221. You must contact us within 40 calendar days of the date that we mailed (or otherwise delivered by a means to which you agreed) the substitute check in question or the account statement showing that the substitute check was posted to your account, whichever is later. We will extend this time period if you were not able to make a timely claim because of extraordinary circumstances.

Your claim must include: -

- A description of why you have suffered loss (for example, you think the amount withdrawn was incorrect);
- An estimate of the amount of your loss;
- An explanation of why the substitute check you received is insufficient to confirm that you suffered a loss; and
- A copy of the substitute check (and/or) the following information to help us identify the substitute check: (identifying information, for example the check number, the name of the person to whom you wrote the check, the amount of the check).

Power of Attorney Disclosure

If we accept a Power-of-Attorney, we may continue to recognize the authority of your Attorney-in-Fact until we receive written notice of revocation or termination and have had a reasonable time to act upon it. We also reserve the right to restrict the types or sizes of transactions we will permit an Attorney-in-Fact to conduct on a case-by-case basis and may require the Attorney-in-Fact to present the original Power-of-Attorney before conducting a transaction.

UNAUTHORIZED TRANSFERS

(a) Consumer Liability.

Tell us at once if you believe your card and/or code has been lost or stolen, or if you believe that an electronic transfer has been made without your permission using information from your check. Telephoning is the best way of keeping your possible losses down. You could lose all the money in your account. If you believe your card and/or code has been lost or stolen, and you tell us within 2 business days after you learn of the loss or theft, you can lose no more than \$50 if someone used your card and/or code without your permission. Also, if you do NOT tell us within 2 business days after you learn of the loss or theft of your card and/or code, and we can prove we could have stopped someone from using your card and/or code without your permission if you had told us, you could lose as much as \$500. Also, if your statement shows transfers that you did not make including those made by card, code, or other means, tell us at once. If you do not tell us within 60 days after the statement was mailed to you, you may not get back any money you lost after the 60 days if we can prove that we could have stopped someone from taking the money if you had told us in time. If a good reason (such as a long trip or a hospital stay) kept you from telling us, we will extend the time period.

MasterCard Debit

Additional Limits on Liability for BrannenBanker24 (Debit Card). You will not be liable (**zero liability**) for any unauthorized transactions using your MasterCard debit card if: (i) you can demonstrate that you have exercised reasonable care in safeguarding your card from the risk of loss or theft, and (ii) upon becoming aware of a loss or theft, you promptly report the loss or theft to us. **If you do not qualify for zero liability, normal Regulation E – Electronic Funds Transfer limitations will apply as listed under Consumer Liability within this document.**

(b) Contact in event of unauthorized transfer. If you believe your card and/or code has been lost or stolen or that someone has transferred or may transfer money from your account without your permission, call or write us at the telephone number or address listed at the end of this disclosure.

ERROR RESOLUTION NOTICE

In Case of Errors or Questions about Your Electronic Transfers, Call or Write us at the telephone number or address listed below, as soon as you can, if you think your statement or receipt is wrong or if you need more information about a transfer listed on the statement or receipt. We must hear from you no later than 60 days after we sent the FIRST statement on which the problem or error appeared.

1. Provide us your name and account number.
2. Describe the error or the transfer you are unsure about, and explain as clearly as you can why you believe it is an error or why you need more information.
3. Provide us the dollar amount of the suspected error.

If you inform us verbally, we may require that you send us your complaint or question in writing within 10 business days. We will determine whether an error occurred within 10 business days (20 business days if the transfer involved a new account) after we hear from you and will correct any error promptly. If we need more time, however, we may take up to 45 days (90 days if the transfer involved a new account, a point-of-sale transaction, or a foreign-initiated transfer) to investigate your complaint or question. If we decide to do this, we will credit your account within 10 business days (20 business days if the transfer involved a new account) for the amount you think is in error, so that you will have the use of the money during the time it takes us to complete our investigation. If we ask you to put your complaint or question in writing and we do not receive it within 10 business days, we may not credit your account.

An account is considered a new account for 30 days after the first deposit is made, if you are a new customer. We will tell you the results within three business days after completing our investigation. If we decide that there was no error, we will send you a written explanation. You may ask for copies of the documents that we used in our investigation.

HELPFUL HINTS

- NEVER carry your Personal Identification Number (PIN) notice in your purse, wallet or anywhere else you keep your transaction card. Keep the PIN notice safely at home!
- NEVER keep your PIN number in your purse or wallet identified as a PIN number; if you must record it, use a private code.
- NEVER tell or show your PIN number to anyone, or unless absolutely necessary, give it and your card to anyone else to conduct a transaction for you.
- ALWAYS record your transactions in your checkbook or savings record immediately – just like a check. DO NOT 'put it off until later!'
- ALWAYS allow at least one extra day for deposits made at an ATM to become available for withdrawal.
- ALWAYS check your account balance; if you cannot account for a large discrepancy, investigate as soon as possible!
